## Brighten Easy Refinance – a streamlined refinance process for non-resident borrowers

An application can be assessed under the 'Easy Refinance' criteria where the following can be satisfied:

- Dollar to dollar refinance only (may include a small increase of up to \$10,000 to cover costs)
- The new rate and monthly repayment must be lower than existing rate and repayment
- Loan term to be equal or less than the remaining facility term of loan being refinanced
- Clean credit history in both Australia and offshore

### Documents required:

- The most recent 12 months mortgage refinance statements showing clear conduct
- 3 months existing loan / Credit Card statements if repayment history is not shown on Australian Comprehensive Credit Report
- Clear offshore credit report which is free of any arrears or late payments
- A filled and signed Brighten Easy Refinance Declaration Form

Income and expense verification documents are not required under Easy Refinance process, however a Secondary Serviceability Assessment based on the information contained in the fully completed application form is to be completed. Should this secondary serviceability test fail a full assessment is required.

- Unit  
(**Note:** Dwelling size must be greater than 40sqm, excluding balcony & car parking.)
- Apartments
- Villa
- Vacant Land only with a signed fixed cost building contract as part of a construction loan (Vacant land is not acceptable as sole or collateral security outside of a construction loan).

**Note:** All properties are subject to concentration risk restrictions for exposure in a postcode and/or within a development.

### Highest & Best Use Development

Where a valuation identifies a property to have the Highest and Best Use as a development site the security is acceptable under Near Prime products.

The following restrictions apply:

- Applicant/s are not a developers or builders (this is not intended to capture tradespeople who work on development / building sites);
- No existing Development Application (DA) on security;
- Where improvement value is between 5% and 10% of the total security value the maximum LVR is 65%;
- Where improvement value is less than 5% of the total security value the property is unacceptable.

### High-Density Securities

A High-Density unit is a strata titled home unit or apartment in a development comprising more than 6 floors that is in a postcode classified as High Density postcodes as per the Brighten Acceptable Security Location guide. The following apply to these types of security. LVR restrictions apply to unit smaller than 50sqm. Please refer to Loan Size & LVR Guide on the Brighten Rate Card.

Houses within high density locations are exempt from this policy, as are home unit developments comprising 6 floors or less.

### Acceptable Title types

Torrens, Strata, Community and Old Systems Title are acceptable. Crown Leases (including A.C.T Leases) also fall within our guidelines.

### Unacceptable security types

## Income Requirements – Non-Resident

All income is to be converted to AUD at the current exchange rate as per RBA website on the day of assessment and discounted by 10% to allow for adverse movements in the exchange rates.

A maximum of the equivalent to USD \$50,000 p.a. of NET offshore income (i.e. after ALL offshore expenses) per applicant/non applicant spouse can be used to support any borrowings for residents of the Peoples Republic of China (“PRC”), unless the borrower can demonstrate that the income cited is not subject to transfer restrictions or is sourced from outside the PRC.

## Aggregation of loans

Facilities that involve related parties must be aggregated as a single group for application assessment purposes. Brighten's maximum loan exposure per applicant (or cumulatively to associated applicants) are as follows:

Resident	Non-Resident
Maximum \$4,000,000	Maximum \$3,000,000

## Serviceability

### Assessment Rate – Resident Loans

The Principal and Interest (P&I) repayment for the new loan amount is calculated using the higher of the following: the Brighten Assessment Rate (currently set at 5.5%), 2% above the applicable rate for new loans, or 1% above the applicable rate for refinance loans, with a maximum of \$25,000 cash out.

**Note:** To qualify for the 1% alternate servicing, the facility being refinanced must have been in place for a minimum of 12 months. Additionally, there should be no adverse credit events or debts being refinanced as indicated in the Comprehensive Credit Reporting (CCR) for the last 12 months, and there must be no adverse listings, such as defaults or judgments, on the CCR for the last 24 months. Furthermore, the maximum LVR is capped at 80%.

### Assessing commitments of other financial institutions

Where the applicants have ongoing financial obligations with other financiers in Australia, these commitments will be assessed at 125% of the actual ongoing financial commitment. Repayment amount must be reasonable for life of the loan.

In addition to any existing secured loans in the applicant's name, such commitments may include:

- debt repayments on all other loans that have been approved (future commitments);
- full commitment on any existing loans in joint names;
- full commitment on any existing loans where the applicant provides a guarantee;
- full commitment on any private loan agreement(s);
- the interest only commitment on the full credit limit for existing revolving credit products.

Ongoing commitment will be calculated by using 3.80% of the total limit for all credit cards (including store accounts).

Where applications are in one name only, but the applicant(s) shares income and expenditure, all commitments (joint & several) must be used.

### Assessment Rate – Non-Resident Loans

The new loan being assessed will be aggregated with any existing loans advanced under the non-resident program, and servicing will be qualified by calculating repayments at an interest rate that is the greater of 2.50% above the ongoing borrowing rate or the floor rate (currently set at 5.50%). A refinance application can be assessed under the 'Easy Refinance' criteria; please refer to the Brighten Evergreen product summary for more details.

### Calculation of Offshore Regular Commitments

Where the applicants have ongoing financial obligations with other financiers, these commitments will be assessed at 125% of the actual ongoing financial commitment unless it can be evidenced that the benchmark is not an appropriate measure for the country in which the debt is being serviced. Repayment amount must be reasonable for life of the loan.

For residents of China, Credit card commitment should be calculated by using the higher of:

- 3.80% of the outstanding credit card balance (as per their personal credit report) or
- 3.80% of the outstanding credit balance declared by the applicant

For residents of countries other than China, the ongoing commitment will be calculated by using 3.80% of the total limit for all credit cards (including store accounts).

Where applications are in one name only, but the applicant(s) shares income and expenditure, all commitments (joint & several) must be used.

## Tax Debt Consolidation

Refinance of Taxation debts will be considered under the Near Prime products.

An acceptable reason must be provided for why the taxation debt occurred, and the Credit Assessor must be satisfied that the taxation liability will not reoccur once consolidated.

6 months repayment history of any agreement must be provided on Alt Doc loans. Where 6 months repayment history cannot be provided, the product must be Full Doc.

## Genuine Savings / Deposits / Equity

In all cases, the source of the applicant's equity in the proposed transaction must be established.

### Genuine Savings for Lenders Mortgage Insured loans

Applicants must demonstrate genuine savings of at least 5% of the proposed purchase price, held or accumulated over a minimum period of 3 months where the LVR is > 90%.

Genuine savings can be from:

### Genuine Savings for Lenders Mortgage Insured loans (continued)

- Accumulated savings (savings account).
- Sale of shares (net any tax due).
- Equity from real estate (additional borrowings or sale).
- After tax bonuses from employer (provided amount is excluded from income for NSR capacity assessment).
- Non-preserved superannuation contributions (provided the applicant has access to funds in cash form and minimum employment conditions are met).

Brighten may allow a gift / inheritance to be used where savings have been sacrificed by making accelerated loan repayments over the last 3 months. In these circumstances, the existing savings plus the value of excess repayments must be equal to or greater than the minimum savings required.

**Rental Payment History** can be used (for Owner Occupied purchase only) to mitigate the genuine savings requirement provided:

- At least 1 applicant must demonstrate a recent and satisfactory rental payment history for a minimum 6 consecutive months (no older than 1 month). This must be verified via a letter or rental statement from the managing real estate agent detailing the following:
  - Full name of tenant(s).
  - Address of the tenanted property.
  - Commencement date of the tenancy.
  - Amount of rent paid per cycle.
  - That all rental payments were received on time. Where missed rental payments are evidenced, it will be considered unsatisfactory payment history and normal genuine savings criteria will apply.

## Private / Solicitor loan refinance

Loans to refinance private / solicitor loans are acceptable under the Near Prime products where 6 months repayments are evident from the clients third party transaction account i.e. payments must be seen from bank transaction accounts, ledger statement from private lender or capitalised interest are not acceptable.

## Credit Reports

### Australian Credit Reports

It is mandatory to do an Australian 'Individual Consumer and/or Commercial' enquiry with the credit history report provider, Equifax, for all loan applications. These reports must be reviewed to ascertain if the applicant has potential undisclosed liabilities or an adverse credit history.

### Overseas Credit Reports

Each applicant and guarantor is required to provide a copy of their Credit Report, less than 90 days old as of the Formal Approval date, from their country of residence.

## Post-Settlement Variations

### Additional Advances

- Minimum of \$10,000.
- Receipt of an updated Loan Application Form (signed and dated by all parties).
- Receipt of current Equifax Credit Report (Individual Consumer / Commercial) for each borrower.
- 3 months satisfactory repayment history from the original or latest additional loan advance.
- Evidence of employment and current income.
- Servicing is to be completed on the remaining loan term
- Loan amount cannot exceed maximum LVR product parameters.
- Receipt of a new valuation report is required. The report must be no more than 3 months old for Residents, and no more than 6 months old for Non-Residents, at the time of settlement.
- All borrowers and guarantors must consent in writing to the further advance.
- Brighten "Cash Out Policy" applies to all additional advances.

### Partial Discharge of Security

Any request for a partial discharge of security must be submitted to Brighten in writing (including being signed by all guarantors) and will be subject to a formal credit submission in accordance with the policies that apply for new money applications including an updated asset and liability statement and income and expenses declaration.

Partial discharges of security will be permitted if Brighten is satisfied that the remaining securities are adequate relative to the facilities outstanding i.e. remaining facilities are within standard product parameters. If the remaining security valuations are greater than 6 months old, then a revaluation of the residual security properties are required.

### Substitution of Security

Any request to substitute a mortgaged property security for another real estate mortgage must be submitted to Brighten in writing (including being signed by all guarantors) and will be subject to a formal credit submission in accordance with the policies that apply for new money applications.

A substitution may entail the release of any of the security properties to a loan and the replacement with new security(s).

The new security(s) must fully comply with current underwriting policies (i.e. type, zoning, population density etc.).

A formal panel valuation is required for all new property security(s) and must satisfy all valuation liquidity risk parameters (i.e. location, comparable sales, environmental etc.).

### Release of a Borrower / Guarantor

Brighten will consider such requests if serviceability has been established with the remaining borrower to the loan.

### Loan Types Switches / Splits

A new serviceability assessment is required for all product switches or split loan requests if the interest rate is increasing.

The variation will require the written consent of all borrowers and third-party security providers, including the guarantors.

Any switch or split loan request is at the sole discretion of Brighten and is not an automatic right of the borrower(s).

Where a borrower requests to switch their loan into a fixed rate facility, the applicable interest margin will be the higher of the existing interest margin or the prevailing fixed interest margin at the time.

## Product Conversions

At times, borrowers may seek to switch home loan products, such as moving from an Alt Doc loan to a Prime Full Doc loan, in order to transition to a more suitable loan and potentially achieve a more favorable interest rate.

Brighten will consider product conversions on the basis the conversion must satisfy the policy guidelines of the new product including employment, residency requirements etc.

The conversion must satisfy the policy guidelines\* of the new product including employment, residency requirements etc.

\*Specific to Alt Doc to Full Doc Conversion the following alternate guidelines apply:

- Where settlement occurred less than 12 months before request:  
Minimum of 2 years financial accounts (that have been lodged with the Australian Taxation Office) in order to confirm the ability to service the loan in accordance with existing Brighten servicing guidelines i.e. 2 years personal tax returns, 2 years company tax returns and financial statements, 2 years ATO tax assessment notices. Where the income evidenced from Tax Returns is equal to or exceeds the original borrower declared income an updated serviceability test is not required.
- Where settlement occurred more than 12 months prior to product conversion request and repayments have been made on time for the last 12 months:  
Current year financial statements, tax returns and ATO assessment notice are to be supplied. Where the income evidenced from current year Tax Return is equal to or exceeds the original borrower declared income an updated serviceability test is not required.

## Our Values

At Brighten, we strive to be a lender that makes a positive impact on our customers, our partners, our broader communities, and our planet. We believe we share a responsibility to lead the way advocating for positive changes in the financial services industry.

### One Home Loan One Tree

As part of our commitment to combatting climate change, for every home loan we settle, Brighten will support Carbon Neutral to plant a tree in the Yarra Yarra Biodiversity Corridor, to help restore biodiverse habitat for future generations.

### Legally Protected for 100 Years

All trees planted are legally protected for 100 years – long after your home loan is paid off – by a Carbon Covenant and Carbon Right registered with the WA state government on the land title.

## Important Information

This product guide is correct as at the time of printing but is subject to change without notice and is intended as a guide to mortgage brokers and other financial advisors, it must not be distributed without Brighten's written permission and not provided to borrowers.

## Source of Business

All introducers must disclose the source of any business they introduce, to assist Brighten manage its compliance responsibilities. Brighten reserves the right to reject an application from any source at its sole discretion.

## Borrower Interviews

Accredited mortgage brokers are required to meet the Brighten applicant face to face, or via video to provide credit advice. The broker must ensure they comply with their obligations under Know Your Customer (KYC) and Anti Money Laundering (AML) requirements. Evidence must be recorded confirming how these obligations have been met and identification documents provided with each application in accordance with our lending program.

When preparing for the customer interview particular attention should be given to:

- How will I evidence my obligations under the KYC/AML requirements?
- What language will the interview be conducted in?
- How will the borrower meet their Verification of Identity (VOI) requirements when signing the mortgage documents?
- How will the borrower meet the requirement to have an active Australian bank account before loan settlement?
- How will documents be translated?
- Is there sufficient funds held in Australia to complete the transaction?

All Applicant(s) are considered to be at a disadvantage due to potential language differences and must be offered the service of an interpreter if the interview has not been conducted in their native language or do not understand English.

The person conducting the interview must confirm in writing at the time they lodge the application that:

- The loan interview was conducted in the applicant's native language and that both the person conducting the interview and the borrower were both fluent in the applicant's native language or
- The loan interview was conducted in English and that both the person conducting the interview and the borrower were both fluent in English or
- The loan interview was conducted in English and that a translator was present to assist in the interview and in this case an interpreter's certificate must be provided.

As a minimum we will require a certified copy of the applicant's passport and another form of photo ID. (National identity card or Australian drivers licence)
